3. Men will stand around the Prancing Pony seeking drama all day.

But random blokes with their grey emotes won't be found in our cafe!

4. Elves of ages long forgotten;
lost in mem'ries of yore
Their wisdom and their love of nature
bring out Tolkien's finest lore

5. At Ales and Tales Old Winyards will play
come and dance to the song
BBB will crash the party
laughing and singing along

6. At Weatherstock we all will work together
men, dwarves, hobbits and elves.
Come Band now and raise a glass or twenty
drink a toast to ourselves.

(Optional Additional Verses)

7. Sunday Siege is a wagin' across the land
join our merry raid
Angmar, Carn Dum, and ruins above the ground
free peoples, lend your aid!

8. We share good times in our bander neighborhoods
Raglan, Hliffack, Old furlong
Then we'll raise a glass as we meet in Aerlinnbar
Imlad Ivryn House of Song
